Ad Benevolum Lectorem.

ABULAE hæ, quas vides, L. B. magna sanc cura composita, auctorem habent, id quod à Viro magni nominis, quem latere hoc non potest, didici, NICOLAUM SANSONEM, *Alibavillanum Gallum*, rerum Geographicarum peritissimum. Hæcenus enim sine auctoris sui nomine in Gallia æri incisæ, non nisi magno pretio venales, nec nisi paucis eruditorum notæ fuerunt. Existimavi igitur, me bene facturum esse, si sumptibus non parcerem, ut eodem typis ad exemplum primum quam rectissime excusæ, in Germania etiam, à volentibus pretio multo leviori comparari possent. Quia autem nullis sunt signatæ numeris ex prima illa editione hæ Tabulæ, unde constare possit, quot sint, eas Tibi, ecce, recensito eo ordine quo ipse SANSONIUS *Mappas suas Geographicas*, vel Dn. BLAVIUS *Tabulas Atlanticas sui nominis* collocaverit: liberum intem relinquens, si eas forte compingendas dare, ubi libeat, qualem ordinem usurpare velis

Posthæc monendus es quod in editionis harum Tabularum repetitione, & ea quæ hac vice vel corrigenda, vel circa Statuum divisiones mutanda esse videbantur, emendabimus; in hac enim Prima editione Archetypum SANSONIANARUM TABULARUM de industria secuti sumus, nec libuit, nisi ubi summa ratio flagitabat, quicquam hic immutare. Cæterum quia, Vulgaria Locorum nomina in Recentiore Geographia ex variis Historicis Latine collecta, non statim percipi queunt, eisdem *Onomastico Latino Vulgari & Vulgari Latino* adaugebimus, quod appendicis loco interea GLOSSO nostro TERRAQUEO adjiciemus. Vale.

FINIS.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor discoloration and faint smudges, characteristic of old paper. A vertical crease is visible near the right edge, suggesting it was once folded. The left edge of the page shows the binding of the book, with the inner hinge area visible. There is no text or other markings on the page.
